

Environmental Mission Statement

The District Department of Transportation's (DDOT) mission is to strive for and to achieve environmental excellence. DDOT is committed to lead by example and to integrate environmental awareness and responsibility in all agency efforts. To contribute to a beautiful, clean and livable city, DDOT shall:

- *Embrace environmentally just and sustainable practices in our daily decision-making processes;*
- *Undertake best practices to minimize negative impacts on the environment; and*
- *Take into account all appropriate economic, environmental, and social concerns in the operations of the agency.*
